

Resident Camp

at UNC's Camp Kelly

Resident campers live in a cabin with approximately 12 cabin-mates and enjoy traditional camp activities like **archery**, **boating**, and **arts and crafts**. We challenge our campers on a **ropes course**, **rock wall**, and **zip line** and help them connect with one another at all-camp activities like **campfire** and more intimate small group activities designed with social skills in mind. We are pleased to bring back both **Girls** and **Boys** Resident Camp.
